CHAIR'S REPORT

This is my third year as Chair at the Bridge Centre and it still continues to thrive due to the commitment, hard work and dedication from staff, Nettie, Doug, Mark, Garry, Rowan and Joe along with all members of staff and volunteers from the Motorcycle, Music Projects, Film Friday Club and Outreach Workers. I also thank the Supporters Group for their continued support.

I would like to express my thanks to the Board namely Kath McGonigle, Sophia Spiewak, Dr Gary Galbraith. Gordon Horsburgh continues to support the Board bringing his experience and background knowledge as a non-voting member.

In the Spring of 2015 Kath McGonigle “celebrated” her 25 year anniversary of her Keep Fit class. Kath is still fit for another 25 years and we expect her to continue....! The Board acknowledged this achievement by surprising her with Stobo Castle Vouchers where hopefully Kath could relax and chill! 😊

In August 2015 Sheena Richardson resigned from the Board due to family commitments and wanting to free up more time to enjoy the benefits of her retirement. The Board wished her well for the future and was extremely grateful for all her support and dedication she has given to the Board over many years.

I have pleasure in welcoming Garry Campbell, as a full-time Senior Motorcycle Project Worker, who joined the Bridge Centre in April 2015. Garry has been involved with the Motorcycle Project for many years first joining as a member of the Club, to volunteering and part-time sessional worker.

The Lamp of Lothian Trust has once again been generous to the Bridge Centre in particular the donation of a new oven for the Cafe Bar area. Jamie Crichton is very pro-active around the complex and the Board expresses their gratitude to him for all his help and hard work.

The Poldrate Mill & the Bridge Centre held an Open Day on Saturday 9th May 2015. The Haddington Pipe Band attended and played in the Courtyard to members of the public present. Many groups from the Bridge and the Poldrate set up stalls and workshops to display the activities they offer. The day was a great success and thanks to all involved.

The Bridge Centre hosted a Lego Therapy Playscheme which was a great success. The Playscheme generated a lot of interest. Due to this being a success more Playscheme activities are hoped for the future.

A new Mercedes Minibus was purchased in November 2015. The Company upgraded the vehicle to the specifications requested by the Motorcycle Project e.g. seats, compartments etc. The colour of the new minibus is white. The Lamp of Lothian Trust very kindly donated a large sum of money towards this purchase which allowed the Bridge Centre to acquire a better vehicle than first anticipated. Once again our thanks go to the Lamp of Lothian Trust.

The Film Friday Club organised a Fundraising Marathon for both Junior and Senior members. This was extremely success and along with donations received from the Community Council, Haddington Games Club, U3A Opera and Tumble Tots which allowed us to purchase a new projector.

It has once again been a busy year for the Bridge Centre and it continues to thrive.

Jacqui Aitken
Chair
Board of Directors

COMMUNITY DEVELOPMENT OFFICER'S REPORT

Last year it was reported that the Centre was experiencing a high demand for volunteering opportunities from young people. Again the demand has remained constant during the past 12 months.

Bridge Centre Staff were recognised for their endeavours in supporting young people with volunteering opportunities in the local community at the Saltire Awards ceremony, which took place in March of this year.

Eilidh McLuckie accepted a trophy on behalf of the Centre.

In addition to this wonderful accolade, a number of our young volunteers have been fortunate to find part-time jobs, due in part to the experiences and skills gained whilst volunteering at the Bridge Centre.

I'm delighted to welcome Gary Hollingsworth to the Bridge Centre Staff Team. Gary has been involved with the Centre since he started at secondary school. He was a regular at the Music Project for many years, playing drums in numerous bands. Gary has volunteered at the Centre since he left school, supporting Staff at numerous events. He now takes over drum tuition from Mike Foy, who has moved on after 6 years of providing drum tuition. We all wish Mike well.

Early years work now forms the bulk of activities that take place at the Centre on weekday mornings. We now have 5 organisations providing opportunities for parents and pre-school children during school term time. Representatives from these organisations now sit on 'Support from the Start', the umbrella body that supports and co-ordinates pre-school work in the Haddington school cluster area, to ensure that children have the best start in life and are school ready.

Support from the Start 'showcases' the wide variety of work that takes place in and around Haddington, and has staged 3 public events during the course of the past year in Neilson Park and at Haddington Town House. Hundreds of parents and children attend these events, and the Bridge Centre is now viewed as a Centre for early years work.

Earlier this year Myra Galloway retired as Head of Service for East Lothian Council Community Learning and Development Services after 30+ years of working in the field.

Myra was always very supportive of the work that happens at the Bridge Centre, and understood the importance of the Bridge Centre to the local Community, and in particular to the thousands of young people who have benefited from the services it continues to provide. We all wish her well in her retirement.

Doug Haig
Community Development Officer
East Lothian Council

BRIDGE CENTRE YOUTH NIGHTS

2015/2016

Annual Report

Introduction

During 2015/16 we have continued to run our three youth clubs, Thursday Drop-In (for S3+ aged young people), Film Friday (S1-S4 aged young people) and Junior Film Friday (P6/7 aged young people).

Attendance

Thursday Drop-In

Attendance at Thursday Drop-In began rather poorly with an average of 5/6 young people attending, however, this group continued to attend regularly and enjoyed the activities on offer over the course of the year. After the Easter holidays the numbers started to increase bringing the average up to 11 young people attending in the summer term. It is interesting to note that this is the opposite to previous years where after Easter attendance drops due to lighter nights, better weather and exams.

Film Friday

Attendance at Film Friday remained steady over the course of the year with an average of 12 young people attending to watch a variety of films.

Junior Film Friday

Attendance at Junior Film Friday also remained good with an average of 23 young people attending to watch a number of films. Junior Film Friday has been very popular with the current P7 year group, who will move on to the senior group next session.

Healthy Respect

While the drop in continued to give the opportunity for young people to access a confidential service on a range for health issues from April 2015 to June 2015 the numbers of young people accessing the service decreased.

At the beginning of the new academic year assemblies were held within Knox Academy combined with increased publicity to raise pupil awareness of the health drop in and the associated youth night with the aim of increasing numbers attending. Sadly, the numbers continued to decrease with an average of 2-3 young people accessing the drop in monthly.

Following discussion/visit to Knox Academy the Head Teacher is supportive of a health drop in within the school. Further discussions are progressing with the Head Teacher and the School Nurse Team Leader for a health drop in within the school. It is hoped that this will commence within the first term of the new academic year.

I would like to give thanks to the support of Doug Haig (Manager), Eilidh McLuckie and Garry Campbell (Youth Workers) and all the staff and trustees at The Bridge Centre.

Activities

Thursday Drop-In

Activities at Thursday Drop-In vary widely. This year we have done lots of baking – fairy cakes, pizza, cookies, flapjacks, muffins and bread. We held our own Burns supper, the staff made haggis, neeps and tatties for the young people and we all sat together ate and talked about Burns poems that we knew.

We have also had some crafting sessions including decorating the Bridge Centre for Christmas. Other activities have included movie nights, Bridge Centre Motorcycle Project visit, and music sessions in addition to our weekly pool table, table tennis and chill and chat facilities. Young people very much enjoy the semi-structured nature of the Drop-In and are happy to opt in and out of any activities available.

Film Friday

This year at Film Friday we have watched a wide range of films – new release action films, educational films such as Suffragette and The Imitation Game, comedies and older films. Young people enjoy the variety of films on offer and regularly make suggestions of films they would like to watch.

Junior Film Friday

At Junior Film Friday we have also watched a variety of films. The younger group prefer newly released films but have also enjoyed Back to the Future and other films that were not newly released.

At Junior Film Friday we embrace the young people's interest in other activities outwith watching films – we have had a games evening playing some active games in the hall, Rubik's cubes, card tricks, chill and chat and active play outside in the courtyard for those who would prefer not to watch the film showing each evening.

Saltire Awards

In March 2016 a group of our volunteers who attended every fortnight to help at Junior Film Friday were awarded with Saltire Awards Certificates at the awards ceremony in the Corn Exchange. This was a brilliant event to recognise the fantastic work young people are doing through volunteering in East Lothian.

I was very proud to see our volunteers receive their 100 hour, 50 hour and 25 hour certificates. They are a fantastic help at Junior Film Friday and thoroughly deserve the recognition!

Fundraising

During the year our projector unfortunately was broken; however, the young people and Youth Worker Eilidh McLuckie had a brainstorming session and came up with ideas to help raise funds towards purchasing a new projector.

The most popular ideas that came out of the session were an all night movie marathon and a bake sale. These were both organised very quickly by the Bridge Centre and we held our Movie Marathon during the Easter holiday. There was a 2 hour double header for the Junior Film Friday and an all night session for the Film Friday group. Both were fantastically supported and raised £220.95. The young people enjoyed it so much they have requested another!

Our bake sale at Haddington Rugby Club Annual 7s tournament was a massive success and raised £166.64. For this the young people, youth workers and other staff baked a huge variety of home baking for us to sell on the stall. There were several baking sessions during Thursday Drop-In and Film Friday to help fill our stall with delicious cakes and bakes. Our amazing volunteers also helped on the stall during the day.

We were very fortunate to receive donations towards our new projector from Haddington Community Council (£400), Haddington Games Club (£100), the U3A opera group (£66), Tumble Tots (£50) and Pix in the Sticks (£100). We are extremely grateful for their generous donations!

Moving Forward

At Junior Film Friday it has been noted that there is a need for a youth club to be available for young people in S1 and S2. This has been picked up as a result of the young people attending Junior Film Friday showing an eagerness to have somewhere to socialise with their friends while also doing fun activities, it is hoped that we can move this forward and facilitate a youth club tailored to their age group one night during the week.

Thursday Drop-In showed an increase in numbers towards the end of the summer term and it is hoped that this will continue into next session.

It is expected that Film Friday will continue with good numbers and a wide variety of films, many of the young people attending Junior Film Friday will move up to Film Friday meaning there will hopefully be an increase in numbers.

Junior Film Friday will need some advertising to gather a new group of young people to attend as most of the current group are P7 and moving up to S1. We will continue to watch a variety of films and provide a safe, happy place for young people to attend.

Eilidh McLuckie
Youth Development Worker
bridgecentreyouthnights@gmail.com

andreamannion DANCE

Classes have run successfully as usual but we still need to expand in numbers and are always looking to enrol new pupils.

RAD exams had to be held elsewhere this session but still saw us achieve excellent results for our Vocational Intermediate students.

We were invited to perform at the Saltire Awards in the Corn Exchange, Haddington the performance went down well and was well received.

The Church Hill Theatre once again hosted our Annual Show, where fun & excitement were definitely in abundance. A great time had by all.

Many thanks to the Bridge Centre and all Centre Staff.

Andrea

HADDINGTON GAMES CLUB

The HGC is a club for people aged between nine years old to a googplex. We meet at the Bridge Centre Haddington on Wednesday nights between 18.45hrs and 21.15hrs.

We have a large range of games on offer examples of which are; Warhammer 40K, Firestorm Armada, Dystopian Wars Fleet battles, board games, RPGs and old favourites like chess.

There is also a large trading card section that plays Yu-Gi-Ho, Vanguard and Pokemon among others.

Tournaments and campaigns are organised frequently with prizes awarded to the winners.

We are a disparate, friendly group of people which includes Tradespeople, Police Officers, University Lecturers, Job Seekers, College/School Students and retired people with beards :).

We are as close to a traditional games club as is possible in these days of Mobile Phones, Tablets and laptops. Electronic devices can be used to keep score if needed, but NO electronic games are allowed at the club.

We are not exactly Luddites, we just want to foster an environment for people to interact socially with each other, face to face, a rare thing in these modern times.

Our Membership is currently between 25 and 30 members. The club is run by a committee voted in yearly.

Dr Gary Galbraith
Chairman

THE HADDINGTON BRIDGE CENTRE KEEP FIT CLASSES

Where has the last year gone? It's hard to believe another year has flown by and we're at the annual report time again.

I have now been taking the keep fit classes for a whopping 26 years I'll keep going as long as I am fit enough, enjoy it and I get people daft enough to come and join me! You know who you are!

After the summer break in August 2015 we did mini circuit training again. It proved to be very popular as usual. Due to my other work commitments I couldn't afford the setting up time to do the circuit training for any length of time which is a shame. One day! That day is now here and I retired from East Lothian Council at the end of January 2016 but still can't find the time to do any more circuits! C'est la vie!

In October we went back to doing interval training which everyone seemed to enjoy. This is: a minute of aerobic followed by a minute of toning for about 25 mins, followed by floor work. We also add in chair exercises which are NOT as easy as you think! Doing it this way gives everyone a good all round exercise routine.

When we came back in the new year the class numbers were excellent and, in fact, the Tuesday class was full. However since Easter the numbers in both classes have slowly reduced, which seems to be the normal pattern every year. I still have my regulars who only miss when it can't be avoided. Well done to all of them!

We now only have one wee one in the crèche on a Tuesday morning looked after by Jenny.

We went for our annual night out in March, as usual. This year we went to the Jo's Kitchen in Haddington and great fun was had by all. The food and company was spot on

Here are a few photos from our night out. See if you can recognise anyone!

I'd like to say a big thank you to our long-standing crèche worker Jenny who loves looking after our 'babies'.... well it's our grandbabies now!

A big thank you to all the staff who keep everything ship shape and also a big thank you to Joe who keeps the garden beautiful.

Thanks must also go to Nettie who sorts out our Admin for us. We enjoy a wee blether too!

Finally thanks to Doug who is still smiling!!!! 😊 😊 😊 😊 😊 😊

That's all for this year folks.

Until next time!

Your Fitness Guru
Kath

MOTHERS & OTHERS BABY AND TODDLER STAY & PLAY GROUP **Run by the Haddington Childminding Group**

The group runs every Wednesday morning in the Alistair Grant Hall between 9:30am and 11am during term time. We welcome children from birth to 5 years old and their carer/s, whether they be their parent, grandparent, etc. The hall has wheelchair access and toilets within it. As the group is run on a drop-in basis our numbers vary each week but we usually have between 8 and 16 children, which is a lovely group size for both the adults and the children to get to know each other.

We charge £2.50 per adult per session to allow the group to be inclusive to all. This pays for arts and crafts equipment, the room fees and refreshments (we usually have home-baking, biscuits and dried fruit as snacks, along with tea, coffee and juice/water).

The children in our setting enjoy the use of the hall immensely. The freedom of being able to socialise in a larger group is further enhanced by the warm, friendly atmosphere experienced at the Bridge Centre. A lot of the children who come with their parent/carer are not yet at nursery and being able to socialise with each other in a large group is a great stepping stone to their continued development, enabling them to make the transition to a playgroup or nursery setting.

It also offers the chance for their carers to socialise with each other, being a place for them to come to where they can meet friends and get to know new people in the community.

The children are able to take part in indoor physical activities that their parents may not be able to accommodate in their homes, enhancing their gross motor skills.

As well as free play with traditional toys, we provide the children with open ended resources such as cardboard boxes, bubble wrap, tubes, treasure baskets, etc to encourage more imaginative and cooperative play

The Bridge Centre has provided us with extra storage to be able to store all of our equipment and resources, which we have greatly appreciated. Alongside the free play, we offer a different specific activity at each session for the children to take part in with their carer if they wish

Particularly successful sessions have included mud play; seed planting; sensory play with scented play-dough; fun with crazy foam; themed seasonal craft activities; etc. We have recently purchased a water table which the children have enjoyed using for mixing potions as well as different types of water play.

We welcome suggestions for activities from carers and children alike and are looking forward to future suggested activities such as water play with guttering; bubble wrap painting and many more.

We also enjoy celebrating various seasonal festivities throughout the year. The children love dressing up for these parties and are always particularly excited to receive a visit from Santa during our Christmas one. We have also been lucky to be visited by Basil the African Grey Parrot, who has been back several times due to popular demand by the children. His owner, Joe is always happy to oblige and to inform the children about African Grey Parrots.

Mothers and Others are also very much involved in community events surrounding play at the Pavilion in Neilson Park. We have participated at community play events such as International Mud Day, Pop-Up Play and National Play Day over the past few years, organising and volunteering at our own play stations alongside other child/play centred organisations, and are happy to continue doing so in the near future.

More information about our weekly sessions and the various play events in the park can be found on our Facebook page.

OUTREACH YOUTH WORK

From April 2015 to June 2016 Haddington's Youth Outreach Workers (over the 39 Friday nights we were out) saw 1174 young people on the streets of Haddington of which 690 were male and 484 were female. Of the 1174 young people we saw we engaged with 1002 of which 576 were male and 426 were female. The number of young people we see fluctuates from week to week.

The main areas we tend to see young people congregate in and around are the Neilson Park/Pavilion, the air vents behind the Aubigny Sports Centre (especially on colder evenings), Knox Academy playing fields, the old shop at Riverside Drive, The High Street, Market Street, behind TESCO and more recently at the new skatepark, 3G pitches and adjacent woods.

Whilst engaging with young people some of the most frequent topics for discussion remain the same i.e. smoking, drugs, psychoactive substances (legal highs), Police and the law, friends, family, alcohol, school, sexual health, local youth activities, Community Wardens, further education and employment.

Many of the young people that we engage with choose not to make use of mainstream youth facilities and do not have the opportunity to connect with adults who have an understanding of youth issues and available services. We are able to provide support and guidance and point young people in the right direction towards the appropriate agencies/information where they can access further advice and support.

This can range from providing leaflets, websites and telephone numbers for such services as the Healthy Respect Drop-in, LGBT, Childline, Social Services, East Lothian Works and housing services among others.

We also provide information on topics such as alcohol, drugs, smoking, sexual health, psychoactive substances (legal highs) and personal safety. Some young people we engage with were not seeking advice in which case we were always able to provide an empathetic ear (which they may not find at home).

We continue to signpost existing local youth provision such as the Film Club, Jericho Café, Thursday night youth club, football training, rugby training, the boxing club, swimming club, Rainbows, Brownies, Cubs, Scouts, etc to young people.

During this period we have continued to work with young people in order to deter anti-social behaviour. Areas where anti-social behaviour occurs are flagged up as "hotspots" (problematic areas) and recorded as they occur. We pass on hotspots which we have identified through our reports and these in turn are shared with other relevant agencies. We regularly visit identified hotspots as part of our planned route on a Friday night.

We use our report to pass on any areas of concern an example of this was when we received information that the old shop at Riverside Drive had been broken into and used as a local hangout. Because access had been gained through the roof (with no other means of exit) we had concerns around health and safety as there would have been no means of escape if a fire were to break out.

Some of the ways we tackle anti-social behaviour are by discussing inappropriate behaviours and actions with young people. This could be talking about the effects their actions have on others or the possible consequences they may face as a result of their actions.

A recent example of preventing anti-social behaviour was when we came across a large group who had been congregating to witness a fight which had been planned through social media. We broke up the group and moved the young people on.

A recent and very welcome addition to the places we visit on a Friday night is the brand new Skatepark at Whittinghame Drive. The area has become a magnet for young people of various ages both local and from further afield.

This facility is used appropriately by the vast majority of young people. Unfortunately there have been some instances of anti-social behaviour in the surrounding area such as consuming alcohol and smoking cannabis in the adjacent woods and some altercations with users of the 3G facilities. Because large numbers of young people

who use this facility it has been beneficial to our work as we are able to engage with many more individuals than we did previously.

This year the most notable change is the reduction in age of individuals we are engaging with. Most of the groups who are hanging around are of school age (both primary and secondary) and the vast majority are from Haddington with a few individuals from Dunbar, East Linton and North Berwick.

Overall the number of young people that we have engaged with remains high and we continue to provide young people with information, support and guidance.

Our continued presence on the street and constructive interaction with young people is an active deterrent against anti-social behaviour.

Collin Glass & Michele Mitchell
Youth Workers

THE JERICHO

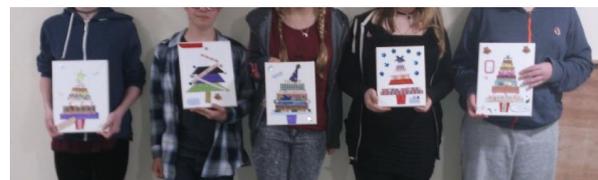

Another year has whizzed by at The Jericho and what fun we have all had. We operate Saturday nights term time and welcome 12-16 year olds into a safe environment and away from the streets. This year we have seen approx. 75 youngsters come and have fun.

We have a team of 6 volunteers working every Saturday evening and this year we welcomed on board two younger volunteers who had attended The Jericho whilst still in school, but wanted to come after finishing school and give something back and volunteer. It is great having them as part of the team. The Jericho is like a big happy family enjoying fun together.

The fun includes pool, table tennis, Xbox, play station, giant Jenga, curling, table games and a craft or cooking activity.

We are very grateful to ELC for their funding which enables youngsters to attend for free.

More details can be found at www.fridayfriends.org.uk

U3A

U3A East Lothian U3A (ELU3A) is a charitable organisation whose purpose is to advance the education of retired people in the East Lothian area. Our AGM was held on the 15 June 2016 at The Town House, Haddington. ELU3A is a member of the Third Age Trust which provides support and advice on the aims and principles of the U3A movement to local U3A groups. We are also a member of the U3A in Scotland (UiS) which exists to facilitate and provide opportunities for U3A'S in Scotland to come together for conferences and study days and to encourage the formation of new U3A's in Scotland. Tony Reeves and Peter Cleat have represented ELU3A at UiS meetings held throughout the year.

ELU3A has 44 study and interest groups which meet regularly, including such diverse subjects as science, dancing, languages, gardening and music to mention but a few. It is the number and variety of groups offered that are the main attraction and heart of the organisation.

Many of the groups e.g., Recorder, Gardening, Opera, Science, History & Archaeology, Folk Music, Philosophy, Psychology, Geology, Italian, Tai Chi, Apple Mac Users and Ceilidh Dancing use the excellent facilities provided by the Bridge Centre. New groups started since the last AGM are Beginners Italian and Board and Card Games. Membership numbers have remained steady at around 651.

U3A Ceilidh Dancing Group at Alistair Grant Hall
The Bridge Centre

ELU3A had 4 interesting and varied open lectures during 2015/16 and attendance at the lectures was excellent. Topics covered were - Jenny Revolta on IPADS in Education, Professor Maria Chester on the Sacred Valley of the Incas, John Hunt from the Seabird Centre speaking on the Forth Estuary and Mairi O'Keefe from Leuchie House. After our AGM in June 2015 was followed by entertainment showcasing our own Folk Music and Ceilidh Dancing Groups.

In March of this year we hosted one of the two annual All Scotland Meetings for the UiS. It was a hugely successful event held at The Town House and was the first All Scotland Meeting that had ever been oversubscribed.

We held two coffee mornings during 2015/16 for Members to meet and perhaps exchange ideas, take a look at our display boards and talk to the Committee Members whilst enjoying free coffee and delicious homemade cake. Non-Members are also welcome and we take the opportunity to promote the U3A and attract new Members.

ELU3A attended a Living Well event organised by East Lothian Council at Tranent in October. This was similar to the Life after Work event held in the preceding year. Such events provide us with a forum for promoting the U3A.

The Bridge Centre in Haddington, continues to be the most used facility by U3A Groups. We, in East Lothian, are very fortunate to have such an excellent facility.

We were approached by The Lamp of Lothian Trust this year, in association with East Lothian Council, for help in providing mentors who could assist pupils at Knox Academy, Haddington, who would benefit from some assistance with reading. We were selected because of the ages of our membership. We are delighted to report that to date 20 members are taking part in a paired reading scheme at Knox Academy.

Please visit our website at www.eastlotheastlothianu3a.org.UK

Mrs Dotty Duck and her husband Mr Derek Duck came back to the Bridge Centre again this year to raise their family. The eggs hatched on the 31st May and they achieved raising 7 young ducklings who we watched under their Mum's supervision jump into the river by the Mill Wheel.

If you would like to come and visit the Bridge Centre to find out more about the diverse range of activities and services that we provide please contact:
